Disinfection Column *Smart*

The "Smart" disinfection column is the fully automatic, contact-free disinfection system for professional users. The base and the holder for the dispenser are made of solid metal and are made in Germany. Timeless and elegant, the sophisticated design fits nicely into any environment and goes with any facility, regardless of whether it is modern, classic or functional. The robust and resilient structure enables the contact-free delivery of any disinfectant in the long term and reliably. The disinfection column is suitable for operational use and is also completely maintenance-free for all-day operation. Does not require a power connection.

- ✓ contact-free disinfection system
- ✓ well-dosed spray mist

Ref.no. DMS01

Details:

Goniometer

From plastic. For measuring the movability of the limb joints.
